Version	Revision Date:	SDS Number:	Date of last issue: -
1.0	31.01.2025	50001053	Date of first issue: 31.01.2025

### SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1	Product	identifier

Product name

ALLY® SX®

#### Other means of identification

Product code	50001053
	30001033

#### 1.2 Relevant identified uses of the substance or mixture and uses advised against

Use of the Sub- stance/Mixture	:	Herbicide
Recommended restrictions on use	:	Use as recommended by the label.

#### 1.3 Details of the supplier of the safety data sheet

Supplier Address

FMC Agro Limited Rectors Lane, Pentre Flintshire CH5 2DH United Kingdom

Telephone: + 44 1244 537370 E-mail address: SDS-Info@fmc.com .

#### **1.4 Emergency telephone number**

For leak, fire, spill or accident emergencies, call: England and Wales: 44-870-8200418 (CHEMTREC)

Medical emergency: England and Wales: 111 Scotland: 84 54 24 2424

### **SECTION 2: Hazards identification**

#### 2.1 Classification of the substance or mixture

Classification (REGULATION (EC) No 1272/2008) as amended by GB-CLP Regulation, UK SI 2019/720, and UK SI 2020/1567)

Short-term (acute) aquatic hazard, Cate- H400: Very toxic to aquatic life.

## ALLY® SX®

Version	Revision Date:	SDS Number:	Date of last issue: -
1.0	31.01.2025	50001053	Date of first issue: 31.01.2025

gory 1

Long-term (chronic) aquatic hazard, Category 1

H410: Very toxic to aquatic life with long lasting effects.

#### 2.2 Label elements

Labelling (REGULATION (EC) No 1272/2008) as amended by GB-CLP Regulation, UK SI 2019/720, and UK SI 2020/1567)

Hazard pictograms	:	
Signal word	:	Warning
Hazard statements	:	H410 Very toxic to aquatic life with long lasting effects.
Precautionary statements	:	Response:P391Collect spillage.Disposal:P501Dispose of contents/container as hazardous waste in accordance with local regulations.

#### **Additional Labelling**

EUH401 To avoid risks to human health and the environment, comply with the instructions for use.

For special phrases (SP) and safety intervals, consult the label.

#### 2.3 Other hazards

This substance/mixture contains no components considered to be either persistent, bioaccumulative and toxic (PBT), or very persistent and very bioaccumulative (vPvB) at levels of 0.1% or higher.

### **SECTION 3: Composition/information on ingredients**

### 3.2 Mixtures

#### Components

Chemical name	CAS-No. EC-No. Index-No.	Classification	Concentration (% w/w)
	2/24		

According to REACH Regulation (EC) No 1907/2006, as amended by UK REACH Regulations SI 2019/758

### **SECTION 4: First aid measures**

#### 4.1 Description of first aid measures

General advice	:	Move out of dangerous area. Show this safety data sheet to the doctor in attendance. Do not leave the victim unattended.		
Protection of first-aiders	:	Avoid inhalation, ingestion and contact with skin and eyes.		
If inhaled	:	Remove to fresh air. If unconscious, place in recovery position and seek medical advice. If experiencing any discomfort, immediately remove from ex- posure. Light cases: Keep person under surveillance. Get medical attention immediately if symptoms develop. Serious cases: Get medical attention immediately or call for an ambu- lance.		
In case of skin contact	:	If on clothes, remove clothes. If on skin, rinse well with water. Wash off with soap and plenty of water. Get medical attention if irritation develops and persists.		
In case of eye contact	:	Flush eyes with water as a precaution. Remove contact lenses. Protect unharmed eye. Keep eye wide open while rinsing. If eye irritation persists, consult a specialist.		
3/24				

Vers 1.0	sion	Revision Date: 31.01.2025		S Number: 001053	Date of last issue: - Date of first issue: 31.01.2025
If swallowed		:	Keep respiratory tract clear. Do not give milk or alcoholic beverages. Never give anything by mouth to an unconscious person. If symptoms persist, call a physician. Do not induce vomiting without medical advice.		
4.2	Most im	portant symptoms an	nd e	ffects, both acute	and delayed
	Sympto	ms	:	effects, both acute and delayed To our knowledge, adverse effects in humans have not been reported. The product is not expected to cause severe adverse effects to health, but adverse health effects cannot be excluded in case of massive exposure. Generally, sulphonylurea herbicides cause lethargy, confu- sion, dizziness, seizures and coma on ingestion.	
4.3		-	ned		special treatment needed
	Treatme	ent	:	Treat symptomatic Immediate medica	ally. I attention is required in case of ingestion.
SEC	CTION 5	5: Firefighting meas	sure	es	
5.1	-	ishing media			
	Suitable	e extinguishing media	:	Use extinguishing	2, water spray or regular foam. measures that are appropriate to local cir- ne surrounding environment.
	Unsuita media	ble extinguishing	:	Do not spread spil streams. High volume water	led material with high-pressure water r jet
5.2	Special	hazards arising from	the	substance or mix	ture
	-	hazards during fire-	:		ff from fire fighting to enter drains or water
	Hazardo ucts	ous combustion prod-	: Fire may produce irritating, corrosive and/or toxic gases. Nitrogen oxides (NOx) Sulphur oxides Carbon oxides Hydrogen cyanide		IOx)
5.3	Advice f	or firefighters			
		protective equipment	:	Firefighters should breathing apparate	l wear protective clothing and self-contained us.
	Specific ods	extinguishing meth-	:		to cool fully closed containers. Jed containers from fire area if it is safe to do

This scharged into drains. and contaminated fire extinguishing water must f in accordance with local regulations.

#### **SECTION 6: Accidental release measures**

6.1	Personal	precautions,	protective equ	uipment and e	emergency	procedures

Personal precautions :	<ul> <li>Evacuate personnel to safe areas.</li> <li>Do not touch or walk through the spilled material.</li> <li>If it can be safely done, stop the leak.</li> <li>Ensure adequate ventilation.</li> <li>Use personal protective equipment.</li> <li>Avoid dust formation.</li> <li>Avoid breathing dust.</li> <li>Never return spills in original containers for re-use.</li> <li>Mark the contaminated area with signs and prevent access to unauthorized personnel.</li> <li>Only qualified personnel equipped with suitable protective equipment may intervene.</li> </ul>
6.2 Environmental precautions	
Environmental precautions :	Prevent product from entering drains. Prevent further leakage or spillage if safe to do so. If the product contaminates rivers and lakes or drains inform respective authorities.
6.3 Methods and material for conta	ainment and cleaning up
Methods for cleaning up :	Never return spills in original containers for re-use. Pick up and transfer to properly labeled containers without creating dust. Keep in suitable, closed containers for disposal.
6.4 Reference to other sections	
	See sections: 7, 8, 11, 12 and 13.
SECTION 7: Handling and stora	age
7.1 Precautions for safe handling	

Advice on safe handling	: Avoid contact with skin and eyes.	
	For personal protection see section 8.	
	Smoking, eating and drinking should be prohibited in the ap-	
	plication area.	

# ALLY® SX®

Ver 1.0	rsion	Revision Date: 31.01.2025		DS Number: 0001053	Date of last issue: - Date of first issue: 31.01.2025
				Dispose of rinse v regulations.	water in accordance with local and national
		on protection against d explosion	:	Provide appropria is formed.	ate exhaust ventilation at places where dust
Hygiene measures		ne measures	:	Avoid contact with fore breaks and a	I hygiene practice. Do not breathe dust. h skin, eyes and clothing. Wash hands be- it the end of workday. When using do not eat sing do not smoke.
7.2	Conditi	ons for safe storage,	inc	luding any incom	patibilities
	Requirements for storage areas and containers		:	Keep container tightly closed in a dry and well-ventilated place. Containers which are opened must be carefully re- sealed and kept upright to prevent leakage. Electrical installa- tions / working materials must comply with the technological safety standards.	
	Further information on stor- age conditions		:	storage. Store in room should be c dry, ventilated an unauthorised pers used for storage	able under normal conditions of warehouse closed, labelled containers. The storage onstructed of incombustible material, closed, d with impermeable floor, without access of sons or children. The room should only be of chemicals. Food, drink, feed and seed sent. A hand wash station should be availa-
	Furthe age sta	r information on stor- ability	:	No decomposition	n if stored and applied as directed.
7.3	Specifi	c end use(s)			
	Specific use(s)		:		ide to be used in accordance with a label htry-specific regulatory authorities.

### **SECTION 8: Exposure controls/personal protection**

#### 8.1 Control parameters

### **Occupational Exposure Limits**

Components	CAS-No.	Value type (Form of exposure)	Control parameters	Basis
sucrose	57-50-1	TWA	10 mg/m3	GB EH40
		STEL	20 mg/m3	GB EH40

### Derived No Effect Level (DNEL)

Substance name	End Use	Exposure routes	Potential health ef-	Value
			fects	

### Predicted No Effect Concentration (PNEC)

According to REACH Regulation (EC) No 1907/2006, as amended by UK REACH Regulations SI 2019/758

# ALLY® SX®

Version	Revision Date:	SDS Number:	Date of last issue: -
1.0	31.01.2025	50001053	Date of first issue: 31.01.2025

Substance name	Environmental Compartment	Value
Poly(oxy-1,2-ethanediyl), .alpha hydroomegahydroxy-	Fresh water	273 mg/l
	Intermittent use/release	1 mg/l
	Marine water	27.3 mg/l
	Intermittent use/release	0.1 mg/l
	Fresh water sediment	1030 mg/kg dry weight (d.w.)
	Marine sediment	103 mg/kg dry weight (d.w.)
	Soil	46.4 mg/kg dry weight (d.w.)

#### 8.2 Exposure controls

Personal protective equipment	Personal protective equipment						
Eye/face protection	:	Eye wash bottle with pure water Tightly fitting safety goggles					
Hand protection Material	:	Wear chemical resistant gloves, such as barrier laminate, butyl rubber or nitrile rubber.					
Remarks	:	The suitability for a specific workplace should be discussed with the producers of the protective gloves.					
Skin and body protection	:	Dust impervious protective suit Choose body protection according to the amount and concen- tration of the dangerous substance at the work place.					
Respiratory protection	:	In the case of dust or aerosol formation use respirator with an approved filter.					
Filter type	:	Particulates type (P)					
Protective measures	:	Plan first aid action before beginning work with this product. Always have on hand a first-aid kit, together with proper in- structions. Wear suitable protective equipment. When using do not eat, drink or smoke.					
		In the context of professional plant protection use as recom- mended, the end user must refer to the label and the instruc- tions for use.					

## **SECTION 9: Physical and chemical properties**

#### 9.1 Information on basic physical and chemical properties

Physical state : solid

According to REACH Regulation (EC) No 1907/2006, as amended by UK REACH Regulations SI 2019/758

#### 12.5 Results of PBT and vPvB assessment

Assessment	: This substance/mixture contains no components considered to be either persistent, bioaccumulative and toxic (PBT), or very persistent and very bioaccumulative (vPvB) at levels of 0.1% or higher.

### 12.6 Other adverse effects

Product:	
Endocrine disrupting poten- : tial	The substance/mixture does not contain components consid- ered to have endocrine disrupting properties according to REACH Article 57(f) or Commission Delegated regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at levels of 0.1% or higher.
Additional ecological infor- : mation	See product label for additional application instructions relat- ing to environmental precautions.
	An environmental hazard cannot be excluded in the event of unprofessional handling or disposal. Very toxic to aquatic life with long lasting effects.

### **SECTION 13: Disposal considerations**

13.1 Waste treatment methods	
Product	<ul> <li>The product should not be allowed to enter drains, water courses or the soil.</li> <li>Do not contaminate ponds, waterways or ditches with chemical or used container.</li> <li>Send to a licensed waste management company.</li> </ul>
Contaminated packaging	<ul> <li>Empty remaining contents.</li> <li>Do not re-use empty containers.</li> <li>Packaging that is not properly emptied must be disposed of as the unused product.</li> <li>Empty containers should be taken to an approved waste handling site for recycling or disposal.</li> </ul>
