

# **Boron 15**

**Fertiliser** 

# A foliar applied source of plant available boron.

# **UK FERTILISER**

Boron ethanol amine

Water-soluble boron (B) 11.1 % w/w (150 g/l)

Net Content: 13.5 kg

To be used only where there is a recognised need. Do not exceed the appropriate dose rates.

# **FORMULATION**

Boron 15 fertiliser is a high concentration formulation containing boron fully soluble in water as the ethanolamine

# **RATES OF USE**

Marginal Deficiency: 1.25 l/ha in at least 200 litres of water

Moderate Deficiency: 2.5 l/ha in at least 200 litres of water

Severe Deficiency: 2.5 l/ha in at least 200 litres of water initially followed by a further application after 3 – 4 weeks and again if symptoms should re-appear.

# **TIMING**

Boron 15 fertiliser can be applied to crops whenever a boron deficiency is observed or expected, after the 3 leaf stage, or when there is sufficient foliage present to absorb the spray.

It is recommended that soil and tissue analysis results are used whenever possible to guide micro and macronutrient applications to optimise crop nutrient status.

Do not apply this product in very bright sunlight or in temperatures above 25°C. If possible, spray in the evening or early morning for best results.

# **APPLICATION**

# Shake the container well before opening and use.

Spray equipment should be clean.

Half fill the spray tank with water, begin agitation and add the required quantity of Boron 15 fertiliser. Rinse the container thoroughly, add the rinsings to the spray-tank, complete the filling and apply without delay.

Maintain agitation throughout.

Clean sprayer thoroughly after use.

# COMPATIBILITY

Boron 15 fertiliser is physically and chemically compatible with a wide range of agrochemical products. Consult your supplier for the latest information. Up-to-date information is available at www.fmc-agro.co.uk. Always read the label of the partner product carefully before mixing with Boron 15 fertiliser.

### STORAGE

# Protect from frost. Store above 5°C.

Keep in cool, well ventilated suitable store. Do not store in direct sunlight or near direct sources of heat. Keep out of reach of children. Keep away from food, drink and animal feedstuffs.

### SAFETY PRECAUTIONS

The product is not classified as hazardous under GB CLP and CLP (REG EC 1272/2008).

Batch No: See neck of the bottle

# Contents: 10 litres

Packed in boxes of 2 x 10 litres
